

PREMIUM IMAGERY SERVICES PRICING POLICY

Access to premium imagery services from Airbus constellation: SPOT 6/7 & Pléiades

- The pricing policy is based on a pay-per-use model.
- Prices are defined according to your monthly consumption (MB/month).
- Prices are quoted in €/MB.

Monthly Consumption	Volume up to 1000 MB (per month)	Volume above 1000 MB (per month)
Price (€/MB)	1.20	0.80

The pricing is based on the data consumption i.e. on the downloaded files size and the streamed volume of data.

The downloaded file size is determined for each product by:

- The selected data collection (SPOT 6/7 or Pléiades)
- The selected Area of Interest (Aoi). Minimum size is 0.1 km².
- The selected image format

The streamed volume of data is determined for each image by:

- The selected data collection (SPOT 6/7 or Pléiades)
- The zoom factor (above zoom factor 12)

NOTA BENE: Streaming is offered for free up to zoom factor 12 (about 38 m resolution).
